PREFACE

The purpose of this publication is to provide the counselor with a current listing of sources of an occupational and educational nature.

References are grouped according to subject area (as listed in the Table of Contents). We have taken into consideration the inquiries most frequently received from counselors and have attempted to include the type of information that will be most valuable to them. Since a listing of this type cannot be complete and is not static in nature, we will continue to use the *Guidance Service Newsletter* for the listing of recent source materials.

This information which has been prepared by Mary Bartunek, Consultant in Guidance and Counseling Services, will be revised and updated periodically if it proves helpful.

We are hopeful that this service will be an aid to the counselors in South Dakota schools. We welcome your suggestions and comments.
